

Opportunities for industry engagement within and beyond research

An evening of talks and Q&A with leading researchers and industry partners

Please join us for this exciting and engaging, FREE event, focussed on the diverse ways in which researchers can more effectively engage with industry

Listen to practical advice from speakers from a range of backgrounds (industry, academia and government), followed by a Q&A session and post-event networking drinks.

Invited speakers:

Mr. Johann van der Merwe – Quarantine Manager, Chevron Australia Pty Ltd

Prof. Christine Erbe – Director, Centre for Marine Science & Technology,
Curtin University

Dr. Brett Molony – Supervising Research Scientist, Fisheries Science and
Resource Assessment, Sustainability and Biosecurity, DPIRD WA

Prof. Marnie Campbell – Chevron Harry Butler Chair in Biosecurity
and Environmental Science, Murdoch University

Tuesday 4th September 2018

7.00 pm – 8.30 pm, with networking drinks

Conference Centre, Pan Pacific Hotel, Perth

This is a FREE event for ECSA conference attendees and for students and researchers from WA universities, government departments, industry bodies etc.

Places are limited. Please register in advance via email to: c.mamberti@elsevier.com
